

SUMMARY

Information Systems Engineering student who loves solving problems and learning new things. I work well in teams and enjoy turning my engineering knowledge into real projects. I am a hard worker, a good listener, and always looking for ways to improve my skills.

EXPERIENCE

SABANCI UNIVERSITY - Software Development Intern

Istanbul, Turkey
08/2026 - 09/2026

Contributed to Moodle development and the transition to a new learning platform.

- Developed plugins for Moodle to support platform requirements.
- Supported migration activities during the transition to the new system.

APECTRA - APECTRA - Teknofest Robolig and Rocket Competition

Sakarya, Turkey
09/2025 - Current

Worked as the Software Lead and managed software tasks.

- Led software development projects.
- Fixed and improved software to make it faster and more reliable.
- Designed robots and developed Arduino code for various projects.
- Coordinated team efforts to enhance collaboration and project outcomes.
- Completed projects efficiently, contributing to overall project quality.

LANGUAGES

Turkish: First Language

English: B1

Intermediate

PROJECTS

- Moodle Plugin Development & LMS Migration - Sabancı University
- Software Lead for Robolig Vehicle
- Developing a Car Rental System in C#
- Real-time Stock Tracking Automation with Python
- Mobile Expense Tracker Application
- RoomQuest - Todo & Room Decoration App
- TARS - AI-Powered Robot (Prototype)
- QR-Based Attendance System for University (Testing Phase)

SKILLS

- Software development and programming
- Team collaboration and leadership
- Problem resolution and solving
- Active listening and communication
- Strategic planning and analysis
- MS Office Suite proficiency
- Data analysis and interpretation
- C# - MVC Architecture
- Python and C++ programming
- Model fine-tuning (LLMs & task-specific models)
- Microcontroller and hardware programming
- Artificial intelligence concepts
- Machine learning and model development
- Robotics programming
- CAD software (Fusion 360) (Intermediate-Senior Level)

EDUCATION

2028

Muğla Sıtkı Koçman University
Muğla, 48

Bachelor of Science:
Information Systems Engineering

- Current Level:** 2nd Year Student
- Current GPA:** 3.76 / 4.0
